

GRADING SCALE - SUMMARY

Device condition, display and functional criteria

Grade	Grade Definition	Cosmetic Criteria	Display Criteria	Functional Criteria
A ++ Grade	Used - Excellent (Minimal Wear Acceptable)	Screen and housing are like new condition. Some devices may have a minimal cosmetic flaw. Only fine scratches and scuffs are allowed.	Unnoticeable / Very Light Burn Image Allowed	All key functions work. No account locks. Apple devices have battery health greater than 80%.
A Grade	Used - Great Condition (Minor Wear Acceptable)	Screen is in excellent condition. Screen/housing may have minor signs of use. Overall very good condition.	Unnoticeable / Very Light Burn Image Allowed	All key functions work. No account locks. Apple devices have battery health between 80-100%.
B ++ Grade	Used - Good Condition (Noticeable Wear Acceptable)	Visible signs of use and multiple minor scratches are allowed. Can have noticeable flaws that are not heavy. Only a few dented areas are allowed on housing.	Unnoticeable / Very Light Burn Image Allowed	All key functions work. No account locks. Apple devices have battery health between 80-100%.
B Grade	Used - Fair Condition (Moderate Wear Acceptable)	Moderate signs of use on screen and housing. Deeper scratches and dents may be present from normal usage but are not considered excessive.	Unnoticeable / Very Light Burn Image Allowed	All key functions work. No account locks. Apple devices have battery health between 80-100%.
C ++ Grade	Used - Excessive Condition (Heavy Wear Acceptable)	Heavy wear, major dents, nicks, chips and dings are present. Excessive wear is to be expected.	Unnoticeable / Very Light Burn Image Allowed	All key functions work. No account locks. Apple devices have battery health between 80-100%.
C Grade	Damaged Cosmetics (Cracked Conditions Acceptable)	Severe wear and damage to housing. Cracked front glass, battery door, camera lens or housing is to be expected.	Unnoticeable / Very Light Burn Image Allowed	All key functions work. No account locks. Battery health between 70-100%.
D Grade	Display Issues (LCD is Still Functional)	Mixed cosmetics. Can be cracked.	Image burn, white spots, imperfections or discoloration. LCD is still fully functional.	All key functions work. No account locks. Battery health between 70-100%.
F Grade	Functions Failed	Mixed cosmetics. Can be cracked.	Mix of Good/Bad Display	Key functions failed. No account locks.
